ABOUT ENERGY LAKE CAMPGROUND
Energy offers 48 well-defined sites with 35 electrical hookups capable of handling tents or motor homes. Campers have access to a swimming and beach area, playground, activity field, canoe and kayak rentals, and hiking trails.

CAMPSITE GUIDELINES

During your stay with us, please help provide a quality experience for all our visitors.

1. Campsites are available on a first-come, first-served basis or by reservation. For reservations, please refer to "Reservations" section. **For first-come, first-served sites, at least one person 18 years of age or older and a proper camping unit must occupy the site the first night. After first night, camping unit may not be left unattended overnight without permission. Camping unit must occupy site immediately after registration.**
2. First-come, first-served campsites will be assigned upon registering at the gatehouse. When a campsite is rented, it cannot be reserved or re-rented, if properly occupied, until the last day the site has been paid for. You are encouraged to rent or reserve site for entire intended stay. The site may or may not be available for extension. If you would like to change sites, you must return to gatehouse to allow staff to check availability, as it may be rented or reserved. We will gladly change your site, if requested, to another, if available. If gatehouse staff is unavailable, refer to the After Hours Notice posted on gatehouse information board.
3. Do not change sites without first checking with gate staff. If you do so, you run the risk of having to move to another site or having your equipment towed at your expense.
4. All camping units and equipment must be placed on prepared gravel sites unless the camping unit requires stakes for use. The camping unit then must be placed within 15 feet of the pad. (See "*Campsite Capacity*" for regulations.)
5. Camping is limited to 21 consecutive days on any site. After 21 days, the camping unit must be moved from site for a minimum of 7 days before returning to previously occupied site.
6. Check-out time is 3:30 p.m. and is strictly enforced as an arriving reservation could be impacted. Late fees may be assessed or your equipment may be towed at your expense. A \$16 fee will be added for late departures.
7. Visitor hours for registered campers is between 7 a.m. and 11 p.m. A \$4 visitor fee per vehicle is charged. (After 11p.m., full camping fee charged.)
8. Quiet hours are between 11 p.m. and 7 a.m. Please return to your site during quiet hours as a courtesy to others.

9. Generators not permitted during quiet hours.
10. Displaying sale signs, attempting to sell goods or services, advertising such services, or distributing written material without a Forest Service permit is prohibited.
11. Shelter buildings are shared with all campers unless group reservations occupy half the loop.

CAMPSITE CAPACITY & OUR FEES

A second camping unit may be added to a site; all fees shall apply. All vehicles, including cars, vans, boats, jet skis, or utility trailers, must park on the graveled area when available. Overflow parking is available at all shower buildings and parking lots. Do not park along roads or on grass where signs are posted.
